For scores ranging from 90 to 100, the prompts window will display perfect without any further corrections

The prompts consist of the scores the user gets on the basis of the real time approximation of the pose. The scores are given from 0 to 100 and all the numbers between them. 0 being the least score, to 100 being the perfect score. Additionally, comments are also displayed indicating the changes to be made in the dance pose to get the perfect score
